PURE RELIGION, UNBARNISHED DEMOCRACY AND GOOD GOVERNMENT.

LANCASTER, KY., FRIDAY, AUGUST 1, 1913.

TWENTY FOURTH YEAR.

NUMBER 17.

## THREE More Days

Of The Demonstration Of  
The GREAT

## MAJESTIC RANGE

at

CONN BROS  
HARDWARE STORE.

Mr Putteet special representative prepares and serves hot biscuit and hot coffee all day, so don't fail to call and sample his goods. The biscuits are leavened with the famous Calumet Baking Powder, so you are assured of getting something worth while.

Any one purchasing a Majestic this week will be entitled to \$8.00 worth of cooking utensils, FREE. Don't fail to come and see for yourself.

### CONN BROTHERS.

Live and Let Live Folks

The above is a picture of "Record", the pony and outfit to be given away within the next few weeks by the Central Record.

Did you sow your turnips as we warned you?

Don't worry, there is always corn in the Buckeye country.

Labor both skilled and day, was never scarcer or higher in Lancaster.

The drought played sad havoc with the tail end of the blackberry crop.

Hope the "oldest inhabitant's" prognostication about dog days will come true.

The tent show at the ball park last week annexed about all the loose change there was in town.

Home grown peaches are making their appearance on the market and are selling at \$1. per pushel.

The water at the lake, considering the extra draft upon it, has held out remarkably well through this dry weather.

This is a good time to collect the dog tax on the many worthless curs about town, or else offer them as sacrifices to "Dog days".

The defeated candidates after next Saturday will for some time devote their attention to telling "how it happened".

The garden truck has been sadly damaged by the dry weather, but conditions are not so serious here in that regard as are reported from other places, corn and beans are plentiful, and tomatoes are beginning to come in, while the recent showers give promise of late roasting ears.

The excursion to Cincinnati! Sunday was fairly well patronized.

#### To Correspondents.

We would kindly ask all correspondents to be prompt in sending in their news letters and mail them so they will never reach us later than Monday evening. This will insure publication.

#### To Subscribers.

The date on the label of your paper indicates the time to which your subscription is paid. This serves both as a receipt and an expiration notice every week. Examine the date printed after your name on the margin of this paper and see if it is correct. If not let us know. If your time has expired remit at once or better still give it to one of the many contestants now trying for our many prizes.

#### Worthy Of Patronage.

The Garrard county Colored Fair Association is making extensive preparation for their three days exhibition to be held on August 28-29 and 30th and is meeting with great success. These people always give a clean, creditable exhibition and have heretofore been liberally patronized by the white people, and because of the fact that there is to be no white fair this year they will doubtless be more liberally patronized than ever before.

#### Court Day Speaking.

Messrs J. R. Mount and John M. Farra, candidates for the legislature and Mr. G. B. Swinebroad, candidate for County Attorney, all subject to the action of the democracy, presented their claims to the offices which they seek, in lengthy speeches at the court house on Monday. A big crowd heard them, but there was no indication as to just "how the cat would hop" and the gentlemen can have but the satisfaction that they did their best, and if their argument fell upon deaf ears, it will be through no fault of theirs.

#### Dr. Pursley Buys Auto.

Dr. J. J. Pursley has purchased a handsome four passenger Buick automobile, which he proposes to use not only for the pleasure of himself and family, but also to get good service out of it in the sale of the "Dakota Jack" remedies, whose sale has grown so rapidly that the clever gentleman has been compelled to discard his old manner of travelling on a broncho and adopt the more modern and faster mode of travel.

#### To The Democrats Of Magisterial District No. 1.

There is a rumor that I have lined up with one of the candidates for Magistrate in this district. I denounce this as false in every particular. I am making the race in my own behalf and the people's and if elected will attend to your affairs from solely a business and honest standpoint in every particular.

If I am defeated in this race please remember that I am still a democrat and will always support that ticket.

Davis Sutton.

#### \$300.00 Reward.

I will give \$300. in rewards for the arrest, and conviction in the Garrard Circuit Court, of persons guilty of a violation of the Bribery Law (Section 1586 Ky Statutes) at the Primary Election of August 2nd, 1913, as follows: \$50. for the first and \$25. each for the next four convictions of the bribe takers, and \$50. for the first and \$25. each for the next four convictions of the bribe givers. The reward to go to the person giving the information to the Grand Jury which finds the indictment.

This proposition is made to prove that I am willing to spend my money to justify the principles for which I am contending.

G. B. Swinebroad.  
Democratic Candidate for County Attorney.

#### Fine Lumber For Sale.

We have 200,000 feet of Georgia pine yet unsold can saw any length to suit purchaser. For house or barn. Hughes Bros., Lancaster, Ky.

## To The Democrats Of Garrard County.

My best judgment tells me that I should ignore young (in law) Mr. Swinebroad's tirade of self praise and abuse of me, but a few observations will not be amiss. I had hoped that no personalities should enter our race and I published the following when we announced:-

#### "FOR COUNTY ATTORNEY.

In this issue of the Record will be found the announcement of two members of the legal fraternity of Lancaster for the nomination for the office of County Attorney of Garrard County, subject to the action of the county democracy, Messrs G. B. Swinebroad and Green Clay Walker. The former is a practicing attorney, the junior member of the real estate firm of Hughes & Swinebroad and a bandler of fine dairy stock, and is a sterling democrat, a good business man and a splendid gentleman.

Mr. Walker is a member of the Lancaster bar, and for the past three years has been the editor of The Central Record. Further introduction of these gentlemen to the people of Garrard county is unnecessary.

We wish to state in our own behalf that it has been tacitly, and we might say generally understood, that we would be a candidate for the office for which we have announced, and we had hoped to arrange some business affairs before making this announcement public. However, the announcement of our esteemed opponent has precipitated the publicity of our intentions.

Before the race makes much progress we hope to get out among the people of Garrard county and personally urge our claims to their suffrage. Our opponent Mr. Swinebroad is our friend and brother attorney, and is a high class gentleman, and we wish to give assurance to the public that the campaign will be conducted along high planes, and we shall be fully satisfied with what ever decision the voters shall make in the matter." (G. C. Walker in Central Record of Dec. 6th, 1912.)

I regret that the action of Mr. Swinebroad has proved him unworthy of the sentiments expressed in this article at the time of our announcement.

As to Mr. Swinebroad's statement as to floaters, republicans, negroes etc. voting in the primary election, I can only say that I desire the democratic nomination from the good, honest democrats of Garrard county and not otherwise, and his assertion that I am willing to or have gone into any combination is false and untrue. I will sign and at all times have been willing to sign any conditions or agreement to advocate or propose, and guarantee its enforcement, but I will not sign an agreement with any man, who has no more regard for his contract than Swinebroad, as evidenced by his past conduct. As to his and my reputation and standing on the use of whisky, I only ask that you shall inquire from those who know both of us. If I must blow my own horn, it must go unblown, but I submit this letter from Judge Gordon, my old law teacher and one of the ablest and most learned Circuit Judges in the state as to my qualifications.

Thomas R. Gordon.

Circuit Judge.

LOUISVILLE, KY. July 26, 1913.

Mr. Green Clay Walker,  
Lancaster, Ky.

My dear Mr. Walker:  
"I see you are a candidate for the Democratic nomination for County Attorney of your home county and as I learn, with excellent prospects of success.

I remember with pleasure your work with us in the Jefferson School of Law. Your close application, your ready ability in acquiring the principles of the law and your marked capacity for communicating them, shown both in recitation and examinations, as well as your class standing, convinced me then that early success in your chosen profession was assured. I know if the good people of your county choose you as their law officer you will render them not only faithful service, but your work will be capably and ably done.

Assuring you of my personal regard and best wishes for your success in the primary and again in November, I remain,

Very sincerely your friend,

Thomas R. Gordon."

I promise further that if after 17 years experience in the practice of law, I do not make a better showing than my brother Swinebroad, I will quit and go into the real estate, farming, insurance, jersey cattle or other business.

As to my qualifications I further refer to the officials and citizens of Lancaster who know both of us. If elected, I will faithfully perform all the duties of the office of County Attorney, and do all in my power to assist in the enforcement of the laws.

Respectfully,

Green Clay Walker.

Democratic candidate for county attorney.

E. W. HARRIS.  
J. P. PRATHER.

It seems strange, but it is nevertheless true that in the country districts the young men who get hold of a supply of liquor invariably seek out a place where people have congregated for the worship of God, and their arrival is usually followed by disturbance and often times by a fight. It should not be necessary to have peace officers in order to preserve order at a country church, and it will be necessary if Garrard county grand juries will deal with such offenders as they so richly deserve. Within the last ten days disturbances have occurred in the county from this very cause, each resulting in a cutting affray, one at a church where a protracted meeting was in progress, the other at or near a school house. Warrants for the young malefactors are in the hands of the officers, and it is but a matter of time when they will be captured, and if the proof prove sufficient, be held to the grand jury, and

that body will no doubt deal with them as they should. It seems an outrageous state of affairs that the good people, the law abiding citizens of the county cannot gather together at a church in the country to worship God without having their services disturbed by a lot of drunken hoodlums, and such conduct most assuredly will not be tolerated. It seems that so far the law has not provided means to prevent the shipping of liquor into dry territory, but the law does provide ample punishment for the misdeeds of those who violate it when under the influence of liquor, and especially severe is the law for disturbing religious worship. The good people of this county have become tired, exceedingly tired, of repeated offenses of this character, and they propose to put a stop to it, effectually and forever, and in this determination they will be willingly, nay cheerfully, abetted by the officers of the law, and the bringing to the bar of justice and administering the law to the fullest extent to some of the offenders is the very best possible method for breaking up such an outrageous evil.

Less excitement attends the approaching primary of Saturday than the usual election in this County. We do not take this to indicate that the people are not interested or that they do not fully appreciate the importance of the results. From the nominees of three parties at this election your County officers for the next four years will be selected and in turn how well your business affairs will be conducted and your penal laws enforced, depends on the kind and character of persons you select in this primary and elect at the general election in November. This is the first county election held under the primary law and we hope that all the people, irrespective of party affiliation who desire fair elections and favor the right of a party to name its nominees will unite in an effort to see that this primary is fairly conducted. It is to be regretted that this County did not follow adjoining Counties in an effort to prevent, through the action of the Democratic Committee, the uses of money and intoxicants in corrupting and influencing the voters in the primary. We should like to have seen this election held according to the spirit and letter of the law and we believe and hope that the efforts made in this County to that end will have its effect in the future. The election officers are selected from the Democratic and Republican parties. The Progressives have no voice in naming the officers of the election and have no representation in the officers. These two organizations should guarantee to every candidate before the primary a fair count of the votes. Only those who are known to affiliate with and are known members of the respective parties should offer to or be permitted to vote for or participate in determining the nominees of any other party except his own. For the Progressives or Republicans to be permitted to influence the Democratic party in the selection of its nominees would defeat the spirit and purpose of the law, and this should be prevented by the officers of the election.

The right of the members of a political party to select party nominees in a legalized primary is a privilege that should be appreciated and was not enjoyed in this State until the present law was enacted by the last Legislature. Some effort has been made by party bosses to dissatisfy the people with the primary system. If this election is held according to the spirit of the law and the election officers do their duty nothing will be held except commendation and approval of this law, and the old convention system of selecting nominees with its unfairness and corruption will have disappeared forever in this State. Let us have a fair primary.

#### Protracted Meeting.

Rev. Warren, assisted by Rev. Lacy, of Lexington will begin a series of meetings at Antioch church next Tuesday night, Aug. 5th. Every one is cordially invited to attend these meetings that much good may result there from.

#### Fair Season Opens.

The county fair season in Central Kentucky will open this week with exhibitions in Berea and Harrodsburg, and Lancaster as a matter of course will send a delegation to each place, as she will to every fair held within a radius of fifty miles from the present date until the season closes.

#### L & N Completes Pavement.

The Louisville and Nashville R. R. Co have completed a handsome concrete sidewalk across their premises leading from the depot, and it is hoped that other property owners will put down concrete, filling the gaps at intervals until we will have concrete walks all the way from the depot to town.

#### What Will They Do?

Salt river is too far distant, and besides it is probably dry, there are, with one or two exceptions, no vocalists among the candidates before tomorrow's primary, who could render the "Swan Song" in a creditable manner, and we suppose it will behoove the losers to resort to the time honored custom of clothing themselves in sack cloth and ashes.

#### Cattle Die From Eating Paris Green.

Mr. E. P. Jones a farmer residing near Nina lost six head of eight hundred pound cattle last week from eating paris green. Tenants had been using the poison on tobacco and the cattle in some unknown manner managed to open the door of a barn where it was kept and ate of it, their death following. Mr. Jones had the cattle sold for 54 cents per pound.

#### Julian Anderson Convalescent.

Julian Anderson, the young son of Mr. and Mrs. Chas. Anderson of this city, who was injured while in swimming with some young companions while on a visit to his aunt in Fleming county, is recovering from his injuries. His left foot was almost severed in twain by coming in contact with a broken bottle in the water. His father who has returned from his bedside, reports him as doing nicely, and his recovery while necessarily slow is assured.

#### Charley Adams Recovers From Injury.

The many friends of Mr. Charley Adams, son of Jailor and Mrs. Jack Adams of this city, will be glad to know that he has sufficiently recovered as to be able to leave the hospital in Lexington, where he was taken after a severe accident from the blowing up of the tire of a motorcycle. It was at first thought that young Adams was seriously injured, but he seems to suffer no bad effects further than the loss of several front teeth.

#### Folk Lore.

"Dog Days" began on July 25th, and those versed in folk lore tell us that if it rains within the first three days of dog days, we shall have forty days of seasonable weather; if it rained on both the second and third days and if the theory can be depended upon, we are to have good late vegetables, corn, tobacco and all other things which seasonable weather brings. We do not pretend to doubt these old theories, we have great confidence in the prognostications of the sagacious ground hog as to future weather conditions, and they say every "dog has his day", then why should the dog not be a weather prophet as well as the hog?

#### Two Cases Of Typhoid Fever.

Tercy Burnside, a valued employee of the Record office who has been sick for a couple of weeks has developed typhoid fever; he is at the home of his father in this city and all that can be done for him in the way of careful nursing, is and will be done, and a legion of friends join his anxious fellow workers in the Record office in the hope that he will speedily be restored to health.

Little Miss Gladys Frisbie is also a victim of typhoid at the home of her mother Mrs. H. T. Logan. Miss Gladys is wrestling with the second siege of this malady, and it is hoped and believed that the present case will be in a light form.

#### Protracted Meeting In County.

Protracted meetings are in progress at Bethel church near Nina and at Gunn's Chapel below Buckeye, and much interest is being created at both places. At the latter place the church proved too small to accommodate the worshippers and a tent has been erected which will accommodate several hundred people and services are being held therein.

#### Schools Of County Greatly Improved.

The people throughout the state of Kentucky have been awakened to the necessity of improving the public schools and in response to this awakening great advancement has been made in the cause of education. From appearances Garrard county has kept pace with other sections of the State in school improvement. The present Board of Education of this County composed of Cronley Broadus of District number 1, R. D. McMurtrey, district number 2, O. J. Hendren of district number 3 and T. P. King of district number 4, with Miss Jennie Higgins as chairman of the County Board, are enthusiastic advocates of better schools for Garrard County and have worked faithfully to that end for the past two years, and the noticeable improvement in all school matters is due to the untiring work of this good Board. The superintendent of schools of the County has just had a very complimentary letter from State Superintendent Hamlett commending the Garrard County Board for its excellent work in handling the schools of this County and urging that this Board be re-elected. It is the position of the State officer that when a trustee or a member of the County Board intelligently and faithfully serves the people in these positions that he should be retained and endorsed. This is good advice and should be followed by the people. It would be well for the people to see that such trustees are elected next Saturday according to the suggestion of the State Superintendent.

#### Corn Bros. Demonstration.

Messrs Corn Bros. are conducting a demonstration of the good qualities of the Majestic range at their store on Stanford St. this week. They have sent out invitations all over the county and are regaling the visitors with delicious biscuits and coffee. On Monday they offered a prize to the child giving the most correct answer to the following list of questions; this prize was won by little Miss Clementine Elsener, the bright little eight year old granddaughter of Mr. and Mrs. N. Miller. We publish herewith a list of the questions propounded and the very intelligent answers given by the little Miss which won for her the prize offered.

Why is the great Majestic range the most durable range made?

1. Because it is the best range on the market.

2nd. Because it heats more with less fuel than any other range does with twice as much fuel.

3rd. Because it bakes better and only takes half the time.

4th. Because it heats readily and you do not have to get it red hot before you can get a meal like you have to do with most stoves.

5th. Because it last you a life-time for it is made of the best material and you do not have to keep buying burnt out pieces for it.

6th. Because it is cheap for the money and it pays to buy a good one when you buy and this is the very best.

7th. Because Corn Bros. sell it and they are the "Live and let Live" people and always sell the best and that is why they sell the Great Majestic.

Clementine Elsener.

#### 2nd PRIZE.

The Great Majestic is the most durable as well as the most desirable stove made because it not only saves fuel and work for the housekeeper it makes work a pleasure for her.

#### 3rd PRIZE.

The Majestic is the best stove that is known, because they are made out of the best material, they will neither break, crack or warp.

George Estes.

A. T. Putteet, Demonstrator.

#### Mrs. Carter's Will Probated.

The will of the late Mrs. Pauline Carter was admitted to probate in the county court on Monday, and Mr. B. F. Hudson was named and qualified as executor. Mrs. Carter left all of her property to Mr. and Mrs. George B. Allen, they to have the proceeds of it during their lifetime, and at their death it goes to their children.

#### The Drought A Serious Problem.

The drought this year has been the occasion of more damage than has occurred from this cause in the county in many years. In some localities there has been no appreciable rainfall since April, while in others the June rain which rendered the ground too wet to work, was the last had. As a consequence, there is not a portion of the county but has suffered more or less from the lack of rain. The southern part of the county doubtless was hardest hit; here meadows were scarcely worth cutting, while the recent showers, and with seasonable weather from this time, they will make no crops, corn is burnt up and many farmers have turned their stock in on their corn fields to seek what green food they might find there. There is not a sprig of grass and cattle are being fed oats, roughness and whatever is available. Other localities, especially in the Buckeye country are more fortunate, their crops have stood the siege better and give promise of a fair yield. Live stock have suffered much from the lack of rain, cattle have been driven everywhere where a little grass was available, one bunch frequently being taken to two weeks, first the grass and then the water giving out and necessitating removal. Stock water has been exceedingly scarce, some of the best creeks in the county being dryer than was ever known.

#### Those Who Know Him Here Are Not Surprised.

The following is taken from the Lexington Leader of the 27th.

"Moses Ray, the huckster who was severely injured by the dynamite explosion on Water street early Wednesday morning, and who is now on the way to recovery, seems to bear a charmed life, judging from the way he has successfully dodged disaster in the past. Mr. Ray is a native of Garrard county, where several years ago the house in which he was stopping during a thunderstorm was struck by lightning and he was knocked unconscious by the effect of the bolt and picked up for dead. He soon recovered, however, and went about his business.

Some time after this he was waylaid by an enemy and struck in the head, the blow rendering him senseless and leaving an ugly scar on him, which he still carries as a souvenir of the attack.

After lightning and malice had done their worst, and had apparently left him unscathed, Fate a few days ago tried the effects of dynamite on him, and while Mr. Ray was badly stunned and severely cut and bruised about the head and the face by the explosion, he says that he is a very 'live corpse' yet.

Since he has had three such miraculous escapes from death, he has begun to think that his 'guardian angel' is still on the job, and will yet see to it that he is not carried off by violence."

Mose Ray above referred to, or Mose Judson as he is better known here in his old home, left Garrard county about nine years ago together with his brother James Judson, and both have since made their home in Lexington. Mose's career in Garrard county was a tempestuous one, and his exploits and the things which befell him while a resident here would fill a book of considerable size. His latest exploit was to kick over a can of nitroglycerine which he found in an old shed, and the explosion which followed would have blown a less lucky man to Kingdom Come, but the above article shows that Mose was born under a lucky star and it will take something more powerful than nitroglycerine to end his career.

## Record's Prize Contest Just Fairly Launched.

Voting in the big prize competition gets brisker. Many of the candidates are just beginning to wake up to the fact that they can win a valuable prize very easily. Many inquiries coming in from new contestants asking for information. Pony and outfit, Three diamond rings, Three Elgin watches, and six other valuable prizes are to be given away absolutely free.

### Send Your Nonination Today.

Get an early start in the big race. Remember there are three districts and at least four prizes will be awarded to each district. You need only compete against these in your own district for any of the district prizes.

#### The Central Record's Big Prize Campaign, like all other huge affairs is slow in launching but gathers speed from day to day and will soon be swinging along in fine style.

The list grows steadily each day as more and more ambitious people make up their minds that their chances are as good as anyone already on the list, and they proceed to get a pair of scissors, clip the nomination blank and then send it to the contest department.

Then they come in for the printed matter and instructions or have it mailed to them and proceed to get busy. That's about all there is to it. Those who realize that fact and get a start at once, before the other candidates begin to wake up, will be the ones who will wear the smile that won't come off after the contest is over. There is not a contestant in the race at the present time whose lead could not be over come with a half hour's efforts among your friends.

#### NOMINATE YOUR "FAVORITE"

There are still a number of towns, rural routes and neighborhoods that are not yet represented in the big prize competition and we would be glad to have our subscribers and friends send in nominations from their neighborhoods. Just send in the names and postoffice addresses of one or more ambitious people from your vicinity whom you think would like to try for the valuable prizes. The names of those making nominations will not be divulged and by sending in these nominations, it may bring some person the prize they have long desired. A great many people would like to enter a campaign of this kind if they knew about it in time but it is impossible to advertise it sufficiently in two or three weeks time in a weekly paper so that everyone will hear of it. So we have to depend on our friends and subscribers to help us by nominating people from their vicinity.

Prospective candidates should not be frightened at the long list of names which are now in the paper, for only part of these candidates who have been nominated will continue in the race. These names have been sent in by friends who thought possibly their favorites might like to try for the prizes. A great many of these names will be cut off the list in the next few weeks as contest manager finds out whether or not these people intend to make an active race.

#### EASY TO WIN A PRIZE.

Under the liberal arrangement of districts and prizes, prospective candidates will find it very easy to win a prize. It requires only a little of your spare time and is just a question of meeting the friends whom you are now meeting about every day. It costs nothing to enter or try for any of the prizes. The hardest part of a campaign of this kind is to get started but after you do, votes and subscriptions will come easy for you. Don't be afraid to let your friends know that you intend to become an active candidate and they will be glad to clip the coupons from the paper and save their subscriptions for you. The first thing to do is to send in your nomination blank, properly filled out and ask the contest manager to send you the printed matter and instructions.

#### ABOUT CONTEST MATTERS.

Although the contest manager has been busy explaining the details of the contest and telling about them in the paper, there are still a number of people who do not understand it. Contestants whose names are now on the list or prospective candidates who are thinking of entering are invited to call at the Record office and have the contest matter explained more fully. Or if you are unable to call at the office, the contest manager will be glad to call at your home and assist you in starting your campaign. Do not hesitate to ask for his assistance for he is here for that purpose. He is as anxious to secure subscriptions as you are to win the prizes and will gladly help you in any way he can.

#### 5,000 VOTES FREE.

These are "Booster Days" in the big campaign and now is the time for you to get a good start in the great race. 5,000 EXTRA VOTES in addition to the usual number will be given on every dollar's worth of New Subscriptions turned in between the dates of Friday morning, August 1st, and Thursday night, August 7th at 8 P. # What To Do with A Drunken Man Or A Morphine User Or Tobacco Addict.

MA AND PA WILLIS, CRAB ORCHARD SPRINGS, KY.

"I tested this cure: I selected a half dozen of the toughest products of alcoholism which the Chicago saloons had been able to turn out, and the drunken-making shops in no other city can beat them in their line of workmanship. The experimental cases were sent down to Keeley, one at a time, extending over a period of several weeks. And in due time they were all returned to me, looking as if a veritable miracle had been wrought upon them. The change for the better was so great that I scarcely recognized them. They went away sots and returned gentlemen. It was amazing, and converted me to a belief in the efficacy of Dr. Keeley's treatment for alcoholism and opium."

HON. JOSEPH MEDILL,  
Late Editor Chicago Tribune

Take him directly to Crab Orchard, Lincoln County, Kentucky, which is the only Keeley Institute in Kentucky or Tennessee. There the man will be given a splendid room, a trained nurse will be placed in charge of him and he will be cared for like a king. When the course of treatment is completed he will have lost all desire for liquor or drugs and will be ready to start life anew. 400,000 men and women cured, 25,000 of whom are Physicians.

Every effort is put forth to keep them in the greatest comfort at all times. Their friends may visit them and witness the treatment.

"It becomes my duty to speak with reverence the name of Dr. Leslie E. Keeley."  
REV. JENKIN LLOYD JONES, Chicago.

"The Keeley Cure has saved where nothing else under Heaven would. It has on it the mark of the approval of the Lord God Almighty."  
REV. T. DEWITT TALMAGE.

"I desire to express my gratification with results of the Keeley Cure on those of my troop who have taken it, as well as on other old and good soldiers in other troops that I have known for years. It is noticeable that those requiring and taking the treatment are the very best soldiers in my command."

CAPT. EZRA B. FULLER,  
7th Cavalry Commanding Troop E.

"I have sent two hundred of my employees, from butchers to foreman, and all have been permanently cured. (From a personal letter to Dr. Keeley.) I do not think there is any one thing or any one man who ever did the good to humanity that you are doing with your cure."

P. D. ARMOUR,  
Late head of the Armour Packing Company, Chicago, Ill.

"It is because I know it does save them, because I know it is God's truth that I take the deepest interest in the Keeley Cure, and so long as I live I shall raise my voice in advocating its efficacy."

Bishop of North Dakota.

### 30,000 Voices!

And Many Are The Voices Of Lancaster People.

Thirty thousand voices—What a grand chorus! And that's the number of American men and women who are praising Doan's Kidney Pills for relief from backache, kidney and bladder ills. They say it to friends. They tell it in the home papers. Lancaster people are in this chorus. Here's a Lancaster case.

C. T. Brummett, Crab Orchard St., Lancaster, Ky., says: "Nearly every spring I use Doan's Kidney Pills and they keep me in good health. During the winter colds settle on my kidneys and caused pains through my back. A friend told me about Doan's Kidney Pills and I used them. They stopped the pains and my kidneys became normal."

Mr. Brummett is only one of many Lancaster people who have gratefully endorsed Doan's Kidney Pills. If your back aches—if your kidneys bother you, don't simply ask for a kidney remedy—ask distinctly for Doan's Kidney Pills, the same that Mr. Brummett had—the remedy backed by home testimony, 50c all stores. ### Splendid Opportunity For Some Garrard County Boy To Receive A Free Trip To The Kentucky State Fair At Louisville.

The following circular gives in detail the plan by which some boy from every county in the state may get a free trip, all expenses paid, to the State Fair this fall. Fill out the application blank at the bottom of the circular and mail to the Secretary at Louisville and enter the contest.

The Kentucky State Fair Management and the College of Agriculture have completed plans for a FARM BOYS' ENCAMPMENT that will give an opportunity for one boy from each of the 120 counties of the State to visit the Kentucky State Fair for a whole week without expense. The purpose of this encampment is to extend the educational advantage of the Fair to the farms of the State, to stimulate a greater interest in the State Fair by spreading throughout the one hundred and twenty counties its real worth through these farm boys.

Attached to this circular will be found a blank application, which any boy interested may fill out, mailing to Secretary J. L. Dent, before August 1, 1913.

The selection of the boys will be made on competitive examination of answers by a member of the State Board of Agriculture and a member of the Faculty of the Agricultural College. The applicants should send all answers to the Secretary of State Fair, who will forward same to the Executive Committee for completion. This Committee will receive all applications, as set forth above, and mark all answers submitted to them.

The applicants must be of good moral character, willing to co-operate in making the encampment a success; be between the ages of 15 and 18 years, and be actual residents and workers upon the farm. No boy who has ever been enrolled in any College of Agriculture in this or any other State will be eligible to compete (this does not exclude boys who have attended the Agricultural Department in High School.)

Each boy will be required to answer list of questions following:

1. How can the corn crop of your county be improved?  
2. Why do greater numbers of live stock usually make a more prosperous farmer?

3. Why are pure bred live stock better than scrubs?  
(Answer each question in not more than 100 words.)

All answers must be in the hands of the Secretary of the State Fair before August 1st. The committee will read and mark them at once and notify the Secretary of the State Fair of the name and address of the boy standing highest, which boy will be the one entitled to the free trip to the State Fair as member of the Farm Boys' Encampment from his county. The local committee will keep a record of the markings of all the contestants, and the boys standing second and third in their markings will be designated as first and second alternates; the first to be selected in case the winner cannot come to the Fair, and the second alternate to be selected in case neither the winner nor first alternate can come.

The boys selected in the various counties must plan their trips so as to be at the Fair Grounds and report to the Superintendent in charge at the encampment headquarters on Monday forenoon, September 15th. Guide with "Farm Boys' Encampment" badges will be stationed in the main waiting rooms of the Union Station and Seventh Street Stations to meet the boys. In case a boy fails to find a guide he should ask a policeman or other uniformed employee at the station to direct him where to take a street car for the Fair Grounds. Certificates of appointment will be mailed to each boy prior to the time of his leaving home that will entitle him to free transportation from railroad station, lodging and meals at the Fair Grounds. Comfortable quarters will be selected for the encampment on the State Fair Grounds. Cots, mattresses and pillows will be furnished, but each boy must bring the following:

1. Blankets, sheets and pillow slips.  
2. Towels, brush and comb.

2. Necessary clothing to last the week. Good warm blankets should be brought along, as the nights may be cold.

The Fair Association will furnish each boy with a white cap free, which he can keep as a souvenir of the encampment. Meals will be furnished, beginning with lunch on Monday, and up to and including Saturday.

The boys and camp will be under the immediate supervision of Prof. T. R. Bryant. Strict discipline will be enforced and the conduct of the boys carefully looked after, and those not wishing to conform to the discipline and rules of the encampment will be asked to return at once to their homes. Should the management find it necessary to dismiss any boy before the close of the week on account of infraction of the discipline or rules of the camp, they will not be liable for his transportation expense.

As partial remuneration to the Fair, the boys will be furnished a package of advertising matter to be posted in their locality, advertising the Fair, and assigned some light work a part of each day, such as ushering in the Grand Stand and Stock Pavilion, messenger service for officers and assisting in the judging rings. For the purpose of seeing the Fair and studying the exhibits in a systematic and intelligent manner the boys will be divided into small groups, in charge of competent instructors. Special opportunity will be given to make a study of such exhibits as live

stock, agriculture, horticulture, dairy, machinery, school, goods roads, etc. A short program with an appropriate lecture or address will be included in each day's routine.

Camp will be broken some time Saturday afternoon, September 20th, so that most of the boys can get home either Saturday night or Sunday morning.

The State Fair Management will exercise the utmost care in looking after the welfare of the boys while in camp, and protect them in every possible way. They will not, however, be responsible for accidents, damage or loss. Should any sickness or accident occur, quick attention can be given at the regular Emergency Hospital maintained on the Grounds.

It is expected to have a camp of good, healthy, ambitious farm boys, who will hereafter be an honor and an asset to Kentucky agriculture and their parents. The management wants the farm boys in every county of the State to know the real worth of the State Fair, and have taken this means of giving one boy from each of the one hundred and twenty counties a free trip and week's sojourn at this great annual State Fair. They will be under the constant supervision of the Superintendent and his assistants.

## Don't Buy a Wagon Until You Have Seen the Columbus

Before you decide on any wagon, examine the Columbus. Strongly built of the best possible material the Columbus wagon gives the most satisfactory service for the longest period of years. There is no secret in the notably long life of the Columbus wagon. It is the result of the methods employed in construction. There is no wood in this wagon which has not been air-dried under shelter from one to two years.

The axles and the spokes of the wheels are hickory; the hounds, bolsters and sandboards are oak, and the bottom of the box is straight grained flawless pine. These are just a few examples of the care which is taken to make this wagon as reliable as possible. The result is that the Columbus wagon is unbeatable in reliability and endurance. Come in and examine it for yourself. We know you will be pleased.

Falkner Kennedy Restored His Citizenship.

Gov. McCreary has restored to Mr. Falkner Kennedy of Lincoln county his full rights of citizenship. This while a magnanimous act upon the part of the Governor, was yet but an act of justice as Mr. Kennedy since his release on parole has been a model citizen.

### The Great Danville fair Next Week.

The big Danville Fair is to be pulled off next week, bigger, better and with a more extensive premium list and a bigger list of attractions than ever before known and second to no fair in the state. President George B. Robinson, a Garrard county man who of course is a past master in the art of giving a successful fair, and Secretary Henry Bright have worked long and faithfully and when the gong sounds will be prepared to offer to the people of Boyle and adjoining counties an exhibition hitherto unexcelled in the history of Kentucky exhibitions.

### Jennings.

After months of intense suffering from the ravages of disease the spirit of Mr. B. F. Jennings took its flight at 6 P. M. on Wednesday July 23rd.

Mr. Jennings was born and reared in Garrard County and lived in this community all his life with the exception of a few months spent in Danville with his son.

In early life he was married to Miss Ann Naylor of this county and to this union were born eleven children who arrived at the age of maturity. Nine of the eleven survive him. They are Mrs. Hughes of Junction City Oregon, Robert L. Jennings of Santiago Cal., J. A. and B. F. Jennings and Mrs. Kate Hatt of Ill., Lafayette and Chas. Jennings of Danville, Mrs. George Ballard of Lancaster and Mrs. A. S. Haselden of Bryantville. Mr. Jennings had lived the allotted time of three score years and ten, being in his eighty ninth year at the time of his death. Modest, unassuming, yet a man of sterling character, loyal and true to every interest of the right. A good citizen, a kind and loving father and a faithful soldier of the cross has been called to his reward. The funeral services were conducted by Rev. Garrison of Danville at the home of his daughter Mrs. A. S. Haselden. The remains were taken to Danville and laid to rest beneath a bank of flowers by the side of the loving wife who had gone on before.

### He Has Our Thanks.

We are indebted to Secretary Edgar S. Althright for complimentary tickets to the Mt. Vernon Fair, which is to be held this year on August 6-7 and 8th, and which offers a splendid premium list, as well as some interesting attractions. The Mt. Vernon people spare neither trouble or expense to make their exhibitions successful, and this year is to be no exception to the rule.

### Gunn's Chapel To Be Dedicated.

The congregation of the Gunn's Chapel will dedicate their new building, which is on the site of the old church a short distance below Buckeye, on next Sunday August 3d. A basket dinner is to be given on the ground, and those who are acquainted with the splendid culinary qualifications of the good ladies of the Buckeye neighborhood will be sure to attend. The church is a handsome edifice, erected at a considerable cost and is a credit to the community and a monument to the good people of that locality who gave so cheerfully and so munificently toward its construction.

### File Application Soon As Possible.

We are running this week a lengthy article calling for applications from Garrard county for representation at the Boys Encampment to be held on the Fair grounds during the State Fair. This article should have appeared last week but was crowded out for lack of space. The applications should have gone in by August 1st, but Miss Higgins has kindly written to Secretary Dent explaining the circumstances and asking him to extend the time in so far as this county is concerned until August 10th, and we feel sure this will be done. Any one wishing to make applications will do so at once, as Garrard should be represented.

### Cow Amuck.

Quite a little excitement was created in town Tuesday when a cow that was evidently crazy from heat, began to seek shade in the various offices and stores of the town, while being driven to the slaughter pens. Coming in Richmond street, she made a hasty call on J. E. Stormes going through his handsome screen door; after some persuasion she was asked to leave, coming to the square she made direct for the Clerk's office, entering on Stanford street and making her exit on the other side of the commodious building. She then decided to call on County attorney, J. E. Robinson and bounded up steps four at a time. Seeing there was nothing there to cool her parching tongue she was induced to leave post haste at the point of a sharp stick. She was then corralled and led to the pen for slaughter.

### Splendid Property At Public Sale.

Bills are out for the sale of the Nixon Perkins' property on Sept. 4th, by the executrix Mrs. Belle Perkins. This property is to be sold to wind up the estate of the late Nixon Perkins. This is one of the most desirable farms not only in the county but in this part of Kentucky, and will doubtless attract bidders from all over the country. The farm consists of 340 acres under high cultivation, a modern residence, one of the best equipped country houses in the state, conveniently located to Danville, Nicholasville and Lancaster, close to good schools and churches, and an ideal home for some one seeking first class property.

### Remarkable History Of An Old Draft.

Mr. B. F. Walker of Quannah Texas, son-in-law of Dr. Jones L. Adams and he a son of Jones L. Adams formerly of this county, presented a draft to the National Bank of this city a few days ago that was issued by that bank in 1863 when W. H. Kinnaid was its cashier.

The draft had never been cashed and was genuine and created some excitement when presented. Upon investigation however, Mr. S. C. Denny found that a duplicate had been issued in January of the following year and of course payment was refused. At that time Mr. Jones L. Adams to whom the draft was issued, reported same lost. Mr. Walker in looking through an old family bible discovered the original draft and naturally thought it was good as it bore no evidence of ever having been paid. The draft was for \$400 and was on the "Ninth National Bank" of New York City and is now out of existence. It was a handsome steel engraving and in perfect condition. Mr. Denny now has the draft in his possession and is quite a curiosity, it being forty five years old.

**Vote for John M. Farra for representative. Primary August 2nd.**

**Tomorrow's Primary.**

The primary election to be held tomorrow is devoid of interest in so far as the Republican and Progressive tickets are concerned, neither of those parties having a contest in any race. However the democratic candidates are not having such smooth sailing, upon the contrary, in several of the races the running will go to the fleetest, and the battle within the last week has waxed exceedingly warm, and the wise one are widely at variance in the "picking of the winners", and no man can say for certain who will knock the plums until after the counting of the ballots. The candidates are doing their utmost, are beating the bushes as diligently as they have been wont to do when the battle was against the common enemy, and each one is confident of success. However, the contest are friendly ones, "a gentleman's game", it might be termed, and when the smoke of the campaign has cleared, the losers will be found shoulder to shoulder with his late opponent, making common cause for democracy, and equally as bent upon the rolling up of a handsome democratic majority in November, as if he was battling in his own behalf.

#### CONCERNING DOG DAYS.

The dog days are hot stuff. They are also hot and stuffy. They warm up about the middle of August, and are a sure sign that the backbone of winter is broken. It is only when the Dog Star rages that we have dog days, but nobody has yet discovered what the Dog Star rages about, unless it is the sidereal heavens at night, and he certainly does rage about there considerable. Which reminds us that the Dog Star rages only at night, and it is the dog days we hear more about. There is no answer to this one, either. But that makes no difference to the Weather Bureau, and the mercury shines up the tube just the same, while mankind simply drifts along on a sea of perspiration. The names of the Dog Star is Sirius. This is because he is no joke. Dogs become mad during dog days, and why shouldn't they? Everybody else does, and swears, besides, which dogs do not. Dog daisies blossom at this season, and they are tropical flowers, all right. In conclusion it may be said without fear of successful contradiction that although every dog has his day, every day hasn't its dog, and the rest of us ought to be dogged glad of it.

#### MILLERSBURG FEMALE COLLEGE

MILLERSBURG, KY.

Millersburg Female College was established sixty three years ago for the purpose of giving girls and young women the sort of christian education that will enable them to go out into the world and help mold the character of social, civil and religious societies.

While nonsectarian in government, the college is very positively christian, and bible study has been made a part of the curriculum. Social culture is regarded as a part of a liberal education and provision has been made for it at Millersburg by a number of entertainments and receptions which are given for the pleasure and improvement of the students.

One of the most important features of the school is the health record which is remarkable in that there has not been a single death in the college during the seventeen years of the present administration. In fact pupils usually improve substantially in health from the very beginning of their residence here. This is due partially to the very excellent sanitary conditions in the college, the enforcement of regular habits in eating, sleeping and exercising and the course of physical culture which is compulsory except for those who are excused upon a physicians certificate.

The new college building is an imposing three story pressed brick structure which is adapted almost ideally for the comfort and convenience of the pupils. The building has its own acetylene lighting plant and is heated throughout by steam. The curriculum includes primary, preparatory and collegiate departments. The music department is particularly strong in having for its head a skilled artist trained in Germany. A department of domestic science has been established in the school for the purpose of giving the students practical instruction in the preparation of foods and a scientific knowledge of their nutritious qualities.

During the last few years Millersburg has enjoyed an over-flowing attendance, and last year a number of pupils were turning away because of lack of room to accommodate them. The low rate of tuition at this school, considering the advantages offered makes it one of unusual popularity.

Expenses for board, tuition, etc. lower than other schools of like grade. Send for catalog and engage a room early. Rev. C. C. Fisher, Pres. Millersburg, Ky.
